## Kids On Our New Space

### ELLIE B

I like them; they're fun and closer to my class. My favourite are relax, art den and tech. Art den is chill and you can draw whatever you like, tech room is educational games.

### AMANDA B

I really like the spaces. My favourite rooms are the tech and relax room. In the tech room there are iPads and I love iPads. In the relax room you can just relax.

### MIN L

I think it's honestly really great and fun. It was all really worth it! Tech room is my favourite because that's where we can get a brain break and have fun!

### XAVIER S

I think it's really great they moved! My favourite is the relax room as we can chill there and let our minds be calm.

## Welcome to 2025!

### NEW YEAR NEW SPACE

As I'm sure you would have seen by now we have moved spaces across the oval! We no longer have a staff member at the top of the stairs for sign in; you'll need to come into J Block reception to sign your child in/out and ask for them to be called.

## Reminders

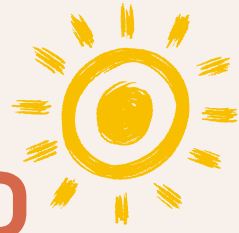

Make sure to fill out activities permission forms for any of the external providers for ASC or BSC as they are starting up again!

Book into BSC; we still have plenty of room! There's breakfast and fun games!
